

SYLLABUS FA 491 / **ART & MIND**

This course is looking at art and translating it into words. It encourages experimentation and is suitable for students who are willing to open their mind. You will also receive an introduction to Istanbul's contemporary art scene via gallery trips and talks at major museums. The focus is on creating an atmosphere that is stimulating and non-competitive; by working both in a group and individually you will have the freedom to experiment with a range of media, such as; painting, drawing, installation, sculpture, photography and video. Your final project will be a self created art work.
